Be Here...Be Vibrant...

## MESSAGE FROM THE PRESIDENT

“ As we usher in the new year, let's celebrate our achievements at Parul University. I want to thank our exceptional students and faculty for their dedication. Our university continues to raise the bar, providing abundant opportunities for graduates through campus recruitment drives.

We understand the importance of higher education in fulfilling aspirations, and we're committed to equipping our students with the skills they need to succeed. With industry-focused curriculum, innovative teaching methods, and dedicated faculty, we're nurturing dynamic individuals.

Let's reaffirm our commitment to excellence and to creating a brighter future.

Here's to another year of growth and success! ”

**Dr. Devanshu Patel**

# Training & Placement Cell

In line with the vision of the University to achieve excellence in professional education, the Training & Placement Cell (T&P) provides students the apt training designed to improve earning potential and increase job skills required in today's workplace. As a quality conscious University. We realize that there lies a significant gap between the academic and expectations of the industry. The Training & Placement Cell has been professionally designed to fill the existing gap in the best interest of all the stake holder viz. industry, students, parents and the society & nation.

The Program has been carefully crafted transform the budding technocrats into dynamic, responsible, and productive professionals, who are capable of adapting to the changing needs of the industry and society. This objective is realized through holistic development of intellectual, mental physical, emotional, and social abilities in students. Students are trained to reflect on their action and how they impact the global and local community while going through a series of experiential learning from the community around them.

It primarily focuses on three major aspects of student's personality: Technical Skills, Corporate Skills & Soft Skills, so that students are able to inculcate qualities pertaining to Higher Productivity, Reduction in Learning Time. Technology Update and Effective Management.

## Technical Skills

To enhance the technical skills of a student, Technical Training module incorporates:

**Experimental Learning:** Include problem-solving exercises to address community problems or create innovative products.

**Self-Guided Learning:** The self-guided culture allows for personalization to mitigate the inadequacies of one-size-fits-all learning models.

**Interdisciplinary Coursework & Projects:** Creating integrated program where teachers from different disciplines come together to teach thematic courses that address issues from multiples perspectives.

**Problem Solving Approach**

**Object Oriented Concepts**

**Relational Database Management System (RDBMS)**

**Data Structure & Algorithm Application**

**Python: Basic to Advanced**

**Data Structure & Algorithm Application**

## Corporate Skills

The objective of Corporate Training is to enhance the performance and productivity of students by reinforcing existing competencies and developing new skills. The Corporate Training Program includes

## Soft Skills

The objectives of Soft Skills Training is to enhance the personal attributes that influences how compatibly one can work or interact with others.
